CLEANING PRODUCTS

Largo Cleaning Systems manufactures safe professional strength fleet washing detergents and brighteners for Hand Held Two Steps, Automated Systems, Drive Thru's, and hand held cleaning Hot Water Systems. Our truck wash experts can help you clean better faster. If you are a truck owner in charge of a large vehicle fleet, municipal fleet or a single truck owner we know how to get your vehicles clean. Professional equipment and professional detergents, a professional staff along with our well trained service personnel are committed to satisfy the needs of your business.

LARGO DRIVE THRU TRUCK WASHING SYSTEMS

Largo can custom build a low maintenance Automatic Drive Thru System for most any large vehicle application. Whether you require a touchless high pressure system or side brush system we can provide all the working parts and install it at your location.

Our standard Arches and Brush Towers are manufactured in our plant using 2" 11 Ga. Steel then HDG (Hot Dipped Galvanized) to provide years of service. We do have optional all stainless arches and towers if preferred.

Our Power Modules include TEFC Baldor Motors, Run Dry Pumps with directional valves for both high pressure undercarriage and final rinse.

Our 6" Guide Rails are Powder Coated in Safety Yellow for easy visibility and durability.

Our Detergent System provides 4 Steps for easy vehicle cleaning and protection.

Step 1: Safe Brightener - No issues with Glass, Polished Aluminum, decals or paint.

Step 2. Presoak - Detergent application.

Step 3: (Optional) Brush Shampoo - Lubricates Brushes cleans and adds shine to trailers.

Step 4: (Optional) Undercarriage Rust Protection. Applied to the undercarriage as the vehicle exits the wash bay. Provides long term rust protection to underbelly of vehicles.

Our Detergent Module includes accurate detergent injection for up to four products. Simply no waste with this application. Easy and simple to maintain, minimal maintenance.

Our Control Module features the most up to date yet simple design. Emergency Stop, Wash Count, and fail safe are provided. Pace/Traffic Lights are optional.

Our optional side brush units include 60" Brushes, Extreme Duty Gearboxes and Baldor TEFC Motors turning on Timken Bearings. The side brushes are adjustable both in height and width.

Curtains protect surrounding areas around the brushes keeping detergents from coating walls and other equipment that may be in close proximity to the brush arch.

CLEANING PRODUCTS

WASH RACK/DRIVE THRU DETERGENTS CONCENTRATES

SUDS 4102C	Foaming Brush Shampoo is a high foaming, high lubricity, highly concentrated vehicle wash designed for both bay Drive Thru Brushes and foam brush applications. Pleasantly scented with superior detergency. Foaming Brush Shampoo quickly, efficiently and economically gets the job done without harm to vehicle finishes. 100% Biodegradable and free rinsing. Designed to remove oil, grease, dirt, and over the road film from vehicles in Coin Op and both Brush and Brushless Car and Truck Wash Systems. Available in 55 gallon drums or 275 gallon totes.
Shampoo	
Super Clean Truck Wash 4425C #2	Super Clean Truck Wash is a premium detergent fortified with state-of-the-art emulsifiers, gloss enhancers and wetting agents. Hot or cold, Super Clean Truck Wash is designed to rinse quickly and dry without streaking or spotting the finish, will quickly disperse road film, bugs and diesel soot without brushing. Use as a one-step or two-step detergent when cleaning buses, cars, trucks, trailers, RVs, aluminum or vinyl siding. No need to worry about anodized or polished aluminum here; Super Clean Truck Wash is non-caustic and is safe on any surface that is not affected by water. Our #1 selling vehicle cleaner. Available in 55 gallon drums or 275 gallon totes.
Panel Bright 4421C #2	Panel Bright Road Film Remover is a worry-free premium vehicle wash. Designed for use in Two-Step Equipment. Touchless or Brush Systems with cold or hot water. Panel Bright gets the job done removing bugs, dirt, road film, oil and grime accumulated by over-the-road vehicles. Panel Bright is the #1 Seller for cleaning buses, trucks, painted trailers, and over the road rolling stock. Used in conjunction with any of our #1 Acid Preps leaves vehicles clean bug free and ready to roll. Available in 55 gallon drums or 275 gallon totes.
777 Truck Wash 4427C #2	777 is our concentrated alkaline vehicle wash that has been in the Two Step Market for many years. The first stand alone for both Two Step and One Step Vehicle Cleaning. Works well in both Cold and Hot Water Systems. Leaves the vehicle clean and glossy. Removes Bugs, Road Film, oil, and fall out on cars, trucks, buses, vans, boats, and all over the road vehicles. Safe, free rinsing, and dries without streaking. Available in 55 gallon drums or 275 gallon totes.

WASH RACK/DRIVE THRU BRIGHTENERS

#1 Acid Blue 4410C	#1 detergent used in a two-step process to pre-treat road film, diesel soot and aluminum surfaces. #1 is designed to use in high-pressure two-step wash systems with a dilution ratio of 100:1. Road film and grime as well as diesel soot are removed without brushing when used in conjunction with Largo 4421 Panel Bright or 4425 Super Clean and can be used with hot or cold water at high or low pressure. Available in 55 gallon drums or 275 gallon totes.
#1B Acid Orange 4411C	A Orange citric/phosphoric #1 detergent used in the two-step process to pre-treat road film, bugs, diesel soot and clean aluminum on vehicle surfaces. #1B Acid Prep is completely safe on all surfaces. #1B Acid Prep Ready to Use was designed to use in high-pressure two step systems with a dilution ratio of 100:1. Safe on Polished Aluminum and Glass. May be used in conjunction with any Largo #2 product under high pressure. Available in 55 gallon drums or 275 gallon totes.
LCI Corrosion Inhibitor 3252C	Largo Corrosion Inhibitor protects the undercarriage of vehicles with a continuous film of long term corrosion prevention especially in outdoor conditions. It will adhere to metal surfaces without cracking or chipping even under extreme humidity or temperatures. Protects plated metals, ferrous and nonferrous metals. LCI is removed during normal vehicle undercarriage washes and should be recoated to insure continuous protection. Available in 55 gallon drums or 275 gallon totes.
Super Heavy Duty 4440C	Super Heavy Duty Detergent is an alkaline cleaner for use in cleaning heavy soil, grease, and dirt. This product may be used hot or cold in removing heavy build-up; however, hot water systems enhance the caustic nature of Super Heavy Duty Detergent. Super Heavy Duty Detergent is ideally suited to clean heavy equipment, garbage trucks, and dumpsters. Exterior cleaning of trailers where chicken fat, diesel soot, and oils accumulate are easily cleaned. Used hot, this product will dissolve and emulsify fats and grease. Cold pre-wash solutions may be used safely on painted trailers for complete removal of stubborn soils. Available in 55 gallon drums or 275 gallon totes.
Cleaner - Degreaser 4400C	Cleaner Degreaser is a heavy duty water based alkaline detergent fortified with solvents and special emulsifiers designed to quickly cut through grease, oil, hydraulic fluid, and other soils from most surfaces. May be used in Two Step Machines to pretreat frames, engine compartments, frames, fifth wheels and other grease saturated areas. Cleaner Degreaser is a Heavy Duty Alkaline-Butyl Product and must be used with care. Soft paint, anodized or polished aluminum will be damaged. Available in 55 gallon drums or 275 gallon totes.

CLEANING PRODUCTS

CLEANERS / DEGREASERS - Water Based RTU

Blue Power Clean 4109	Power Clean is a concentrated liquid cleaner with alkaline builders, formulated for fast removal of oil, and grease bonded soils. Power Clean quickly penetrates the most stubborn soils to deliver a fast thorough cleaning. Power Clean delivers both solvent and detergent actions, boosted with emulsifiers and wetting agents for deep cleaning most Surfaces not affected by water. Cleans floors, walls, metal surfaces, forklifts, undercarriages, farm equipment and stainless steel. Available in 1 gal, 5 gal Pail, 15 gal drum, 30 gal drum 55 gal dr and
Kwik Clean 4280	Kwik Clean is a unique solvent made especially to dissolve grease, oil, grime and gunk from metal surfaces, floors, walls, heavy equipment, forklifts, and general cleaning and degreasing of dumpsters, kitchen areas, kitchen equipment, pipes, drains and grease traps. Kwik Clean has a natural citrus base with excellent deodorizing abilities. Kwik Clean leaves a clean, bright surface without any oily film or residue. May be used with Hot or Cold Water to prespray, or used undiluted to dissolve tar, grease and grime. Available in 1 gal, 5 gal Pail, 15 gal drum, 30 gal drum 55 gal dr and 275 gal tote.
Cleaner - Degreaser 4400	Cleaner Degreaser is a heavy duty water based alkaline detergent fortified with solvents and special emulsifiers designed to quickly cut through grease, oil, hydraulic fluid, and other soils from most surfaces. May be used in Two Step Machines to pretreat frames, engine compartments, frames, fifth wheels and other grease saturated areas. Cleaner Degreaser is a Heavy Duty Alkaline-Butyl Product and must be used with care. Soft paint, anodized or polished aluminum will be damaged. Available in 1 gal, 5 gal Pail, 15 gal drum, 30 gal
Scrub 4430	Scrub has been formulated and designed especially for use in automatic scrubbing machines. It has the necessary features required for those who are looking for economy as well as quality. It is surfactant strengthened, thus giving more cleaning power per gallon. This product does not endanger the wiring of your automatic scrubber and will not clog machine due to excessive suds. Because of the low sudsing qualities of the concentrate, the machine picks up the cleaning solution easier and quicker. This product leaves no film and does not require rinsing. Uses: This product is safe to use on resilient flooring, marble, terrazzo and concrete. Available in 1 gal, 5 gal Pail, 15 gal drum, 30 gal drum 55 gal dr and 275 gal tote.
Break-A-Way Degreaser 4434	Break A Way Degreaser is a multipurpose water based degreaser designed to penetrate the most tenacious gunk, oil, grease and grime you might encounter. Built with the finest penetrating detergents, builders, and chelates, Break A Way goes to work quickly, ridding any substrate free of its bond. Break A Way may be used manually, sprayed, wiped, used in dip tank, cold or hot water pressure washer, steam cleaner, floor scrubber or mop bucket. Swipe it on, rinse it off. No oily residue or slippery floor. Safe, effective and does its job and doesn't complain. Available in 1 gal, 5 gal Pail, 15 gal drum, 30 gal drum 55 gal dr and 275 gal tote.
Hood Cleaner H7K 4442	H7K High Foaming Hood Cleaner is specially formulated for use in the Food Service and Restaurant Industries. Hood Cleaner does only one thing: Makes a normal laborious chore simple, easy and efficient. It simply dissolves grease. Works best through a foaming device or foam lance. Foam on surfaces to be degreased (Stainless surfaces only). Allow to conquer grease, rinse. Avoid bodily contact. This product is aggressive and will damage organic matter, soft metals like aluminum and of course polished or anodized aluminum. Mix 1 part H7K to 5 parts water adjust mixture as required. Available in 1 gal, 5 gal Pail, 15 gal drum, 30 gal drum 55 gal dr and 275 gal tote.
LCS 340	A Concentrated Detergent is specially designed to clean metal of oil residues and helps prevent flash rust. Works very well cleaning tires, wheels, frames, undercarriages, engine compartments, and wheel wells of oil, grease, dirt and grime from over the road vehicles. Biodegradable, safe, fast, efficient, economical and easy to use. This product works and works well. Highly concentrated and free rinsing. Available in 1 gal, 5 gal Pail, 15 gal drum, 30 gal drum 55 gal dr and 275 gal tote.
LCS 280 Tire Cleaner 4122	LCS - 280 Tire Cleaner is a liquid tire cleaner with special gloss enhancers that will make even the oldest tires look new again. Apply directly to the surface and allow to air dry. Tires will look new with only one application. Available in 1 gal, 5 gal Pail, 15 gal drum, 30 gal drum 55 gal dr and 275 gal tote.
Ultimate Hand Cleaner Orange 4104	Our Ultimate Hand Cleaner must be tried with Orange Fragrance. Easily cleans the most greasy hands, yet leaves them not only clean, but soft and feeling good. Available in 4x1 gallon cases with a dispenser in each case. For deeper, quicker cleaning, add Grit to your order. Grit can be combined with Ultimate Hand Cleaner to expedite the cleaning process and remove dead skin and grind down calluses as it deep cleans. Available in 1 gal, 5 gal Pail, 15 gal drum, 30 gal drum 55 gal dr and 275 gal tote.

CLEANING PRODUCTS

ALUMINUM CLEANERS/BRIGHTENERS RTU

#1 Acid Blue 4410	Acid Blue #1 detergent is used in a two-step process to pre-treat road film, diesel soot and aluminum surfaces. Road film and grime as well as diesel soot are removed without brushing when used in conjunction with any Largo #2 product and can be used with hot or cold water at high or low pressure. Available in 1 gal, 5 gal Pail, 15 gal drum, 30 gal drum 55 gal dr and 275 gal tote.
#1B Acid Orange 4411	A Orange citric/phosphoric #1 detergent used in the two-step process to pre-treat road film, bugs, diesel soot and clean aluminum on vehicle surfaces. #1B Acid Prep is completely safe on all surfaces. #1B Acid Prep Ready to Use was designed to use in high-pressure two step systems with a dilution ratio of 25:1. Safe on Polished Aluminum and Glass. May be used in conjunction with any Largo #2 product under high pressure. Available in 1 gal, 5 gal Pail, 15 gal drum, 30 gal drum 55 gal dr and 275 gal tote.
Trail Brite 4452	A Hydrofluoric Acid blend enhanced with special wetting agents and emulsifiers used in two-step process. The most aggressive Two Step #1 Product we produce. Not for use on Glass, Polished Aluminum or Anodized Aluminum. This Product is used at 5 oz per gallon of water in Two step Equipment. Brightens Aluminum trailers, painted trailers, tankers reefers, dump beds, fuel tanks, pontoons, and more. Industrial Strength Professional product. Available in 1 gal, 5 gal Pail, 15 gal drum, 30 gal drum 55 gal dr and 275 gal tote.
ABX Aluminum Brightener 4450	ABX is a specially formulated blend of acids, wetting agents, inhibitors, and chelating agents designed to rapidly remove salt, stains, soot and contaminates, while brightening aluminum surfaces instantly. ABX rinses freely and dries streak-free. ABX Concentrate is an industrial-strength product and must be properly used by trained personnel. Apply through pressure washer with a pump saving down stream injector, or use pump-up sprayer, foaming device or through acid arches. Use protective clothing and face shields at all times when using the product. Uses: Aluminum trailers, painted trailers, tankers, reefers, dump beds, fuel tanks, pontoons, and more. Available in 1 gal, 5 gal Pail, 15 gal drum, 30 gal drum 55 gal dr and 275 gal tote.
Mirror Brite 4453	Mirror Brite Polished Aluminum Maintainer is an exceptional product designed to "maintain" that polished aluminum appearance on wheels, fuel tanks, tank trucks, feed trucks and fuel trucks. Mirror Brite is a non-etching cleaner and brightener that with continued use maintains the appearance of polished aluminum surfaces. Does not turn the aluminum surface "white, satin or dull" like Aluminum Brighteners will. It may be used in hot or cold water systems with either low or high-pressure spray. We find that it works best when used in our Two Step Systems along with our 4425 Super Clean Truck Wash. It may be used on most surfaces not harmed by water. Product does NOT contain hydrofluoric acid, ammonium bifluoride, hydrochloric or sulfuric acid. Available in 1 gal, 5 gal Pail, 15 gal drum, 30 gal drum 55 gal dr and 275 gal tote.
CONCRETE TRUCK CLEANERS	
EHD Concrete Remover 4456	EHD Concrete is a Powerful Concrete Dissolver. Apply to concrete truck fenders, slides, drum and wheel wells on concrete carriers. Removes concrete film and residue while providing excellent detergency to quickly clean away stubborn soils, oil, grease and grime. May be brushed or sprayed and hosed off with manual or high-pressure water. Contains Hydrochloric and Phosphoric Acids. Works well in brick and masonry cleanup. Available in 1 gal, 5 gal Pail, 15 gal drum, 30 gal drum 55 gal dr and 275 gal tote.
Crete-X 4457	Crete X is a blended acidic detergent for daily washing concrete truck fenders, slides, drum and wheel wells on concrete carriers. Removes concrete film and residue while providing excellent detergency to quickly clean away stubborn soils, oil, grease and grime. May be brushed or sprayed and hosed off with manual or high-pressure water. No Odor, safe, dissolves concrete. Works well in brick and masonry cleanup. Available in 1 gal, 5 gal Pail, 15 gal drum, 30 gal drum 55 gal dr and 275 gal tote.
Mix-A-Way Concrete Dissolver 4458	4458 Mix-A-Way is a hydroxy carboxylic acid Concrete Dissolver containing a biodegradable low corrosive acid. Extremely efficient at penetrating and loosening concrete, removing stubborn concrete deposits from forms, metal surfaces including stainless steel, aluminum, plastic and most painted surfaces. Clean tools, equipment and vehicles. This product penetrates deep inside concrete residues and reacts from within. 1 Drum makes 4 55 gallon drums of RTU Concrete Remover. Available in 1 gal, 5 gal Pail, 15 gal drum, 30 gal drum 55 gal dr and 275 gal tote.

CLEANING PRODUCTS
