

# TWO STEP - Stationary Series

**Largo Two Step Cleaning Systems** are specifically designed to Wash Trucks, Buses, and Rolling Stock. Remove Road Film, Bugs, Diesel Smoke and other contaminants from vehicle surfaces using Cold Water while Brightening Aluminum Rails. Why spend \$10.00 per hour to heat water if you can clean better with Cold! Precise chemical injection under full pressure cleans faster and controls cost. One man has the complete control to start, stop, or to immediately turn either of the two chemicals on or off from 100 to 200 feet away. There is no chemical waste and no better way to clean vehicles!

## STANDARD FEATURES:

- Powder Coated HD Frame
- Belt Driven CAT Pump
- Precise Chemical Injection
- Industrial Strength Electric Motor
- Color Coded Chemical Pick Up Tubes
- Hour Meter
- Indicator Lights on Control Panel
- Safe 24 Volt Controls
- Stainless Steel Float Tank w/Cover
- Easy Access to Pump/Motor/Electrical Components

Shown with SS Cabinet Option

You will need to choose a Wand Length, Two Step Remote Hose, or a Standard Wash Hose which can be used with a Wireless Remote or a Remote Station with Wall Switches. (Not Included with Machine).
